

Review – Edmund the Magnificent

Good – 21	OK – 1
<ul style="list-style-type: none"> • Brightened the evening up. • A great, cheery, relief treat of a film. • Enjoyed the rhyming couplets. • This was a lovely extra film. Thought it was going to be tragic mid way but it had a happy ending. I wonder how many of these short films are made and never seen. Perhaps our club could show more like this. 	<ul style="list-style-type: none"> • It made a good lightweight filler to accompany a longer film. The doggerel verse was amusing. The ending was a bit flat.

- Excellent short film.
- Very enjoyable – much better than the main feature!
- Different, interesting, slightly amusing. Not sure about the credibility or perhaps I miss the point.
- Amusing and unusual. Only criticism was that the background noise in the film drowned

out the narration at times. But it still made us smile  .

- Absolutely great!
- Light hearted story with some well-known actors.
- A fun, improbable little film [with some big names!].
- Excellent pigopic!
- It was brilliant! Was that the farmer from Babe?
- We all thought that Edmund the Magnificent was really good!
- An amusing idea.
- Thought Edmund the Magnificent was excellent - really enjoyed it.
