Lily Tomlin was fantastic and it was such a different, quirky take on family relationships. I loved the concept of a mini road trip by the grandmother and granddaughter and the fact that the amazing Lily Tomlin was way cooler than all the cool people in the film. We both thoroughly enjoyed it and couldn't believe so much was packed into such a short time.• Although some parts of the plot were a bit far-fetched (the bit about the ex-husband whom she had not seen for 30 years.. why did she know exactly where he lived but not that he had x number of wives and grandchildren?). otherwise interesting and engaging with a good denouement..

- Excellent choice, brilliant acting, thank you.
- Good film. Depiction of the principal characters was positive but America's overall retreat from radicalism was depressing.
- Tremendous - honest and funny! Reminded me of being young(er) and showed what to aspire to in old(er) age. Excellent.
- We all thought it was great, thank you!
- Loved it!
- We both thoroughly enjoyed it, and no complaints about anything. Great film, well acted and believable portrayal of characters. Well done.
- Excellent. Very entertaining, humorous film which did not trivialise the subject. Lily Tomlin was, as usual, brilliant.
- Refreshingly different subject matter. Excellent comic performance from Lily Tomlin. Great to see Sam Elliott. Not seen him since The Big Lebowski.
- The plot opened up a window of reflection on a fascinating and believable life. Wonderfully performed by Lily Tomlin.
- Just loved it & especially Lily Tomlin. Can't praise it enough. Thank you for this choice.
- We both enjoyed this film, particularly Lily Tomlin's performance. The subject matter was original and the cast full of strong female roles.

Grandma but generally underwhelming.

- We thought the film was OK. We didn't think it was anything spectacular - just a nice way to pass the evening, really. It was a bit predictable that she'd work out she could behave a bit better etc - so obvious she was going to cry in the shower after she'd thrown her girlfriend out, for instance but there were some really good scenes in the film such as the one where she asks the old boyfriend for the money which was very well done.
